MOBILE STAND FOR TV SCREENS

PTR-01XL

To display TV screens **from to 55"**.

Its **removable pole is made of stainless steel**, guaranteeing maximum durability and resistance even when the stands are used outdoors (terraces, outdoor events, etc.).

MAXIMUM STABILITY

The **base with double swivel wheels (2 with brakes)**, allows the screen to be wheeled from one room to another without having to dismantle it. Our PTR-01/XL mobile stand has a quick and easy installation with all necessary hardware included.

Our heavy-duty screen trolley combines an elegant design with maximum stability and durability. They are the perfect option for all professional applications: conventions, conferences, classrooms, exhibitions, offices, shopping centres, etc.

TILTING MOUNT

The screen can be placed in a straight position or with a downward tilt of up to 15° for seated viewing. The universal screen mount **has a spirit level** to guarantee a perfect screen adjustment when installed.

ADJUSTABLE IN HEIGHT

The height of the screen can be adjusted by sliding it up or down the stainless-steel masts with shiny finish and securing it **with the aluminium couplers (ref. ABZ53/N)**. This way the plasma screen can be positioned at any point along the masts to achieve an ideal viewing height.

HEAVY-DUTY BASE WITH WHEELS

Its reinforced base, made of a laser cut steel plate, is provided with four non-marring double swivel castors (2 with brakes) which ensure safe and easy manoeuvrability. The wheels can also be removed and the stand placed directly on the floor or as an alternative, user can order levelling feet.
